

Maryland Summer Center Archeology Strand  
Claud Kitchens Outdoor School At Fairview  
Tim Abe – Instructor

Below are snapshots of students in action during our Gifted Camp at Fairview during the month of July 2009. Students did a fantastic job conducting both research and fieldwork during their archeological dig at Plum Grove. Student archeologist recovered over 200 artifacts from the Plum Grove dig site. These artifacts were turned over to the Clear Spring Historical Society for future display purposes and additional research. Thanks students for such a wonderful week! Mr. Abe
