SCIENCE

We will continue our Unit on Chemistry including investigations about The Water Cycle, and different Mixtures and Solutions

Ask your students about these fun activities that we did as an entire grade in December:

- ~Cinnamon Dough Ornaments
- ~A Christmas Carol by Charles Dickens
- ~Activities with Book Buddies
- ~Holiday Cards for Julia Manor
- ~"Wagon Wheel" and "Graffiti Wall"

READING AND LANGUAGE ARTS

~We have begun Theme 4 which is all about Person to Person Relationships throughout history. We will finish reading the classic from Charles Dickens *A Christmas Carol* and also be taking a close look at the elements of plays and participating in Reader's Theater

~In writing, we have completed poems, and biographies. We are still working on personal narratives.

Congratulations to all of the Geography Bee Contestants!!

Cassie Snyder, Kyle Gilbert, Divante Walden, Shericia McDonald,
Nathan Hughes, Halle Robinson,
1st place: Tyler Smith, 2nd place: Eric McDonald

Math: Geometry

In the GEOMETRY UNIT, we will be exploring with polygons, solid figures, angles, transformations, area and perimeter.

Key Vocabulary: obtuse, acute, line segment, ray, parallel, perpendicular, vertex, point, intersecting

Fifth Grade Team: Mrs. Hess, Mrs. Giancola, Mrs. Buhrman
