

The Kindergarten Connection

What Have We Been Learning?

We have been making predictions before reading a book. When you and your child read at home, predict what will happen in the story before you read.

We will be introducing the Alphafriend letters p, g, k, w, i, l, f, and z. Please help your child look for these letters. We are learning the word wall words "like", "to", "my", and "and". Please practice these words at home.

In writing, your child is beginning to write and sound out words, as well as use word wall words in a sentence. We are working on putting spaces between our words and periods at the end of sentences!

Your child is continuing to work with numbers by comparing sets of numbers to determine more/less. We will also be working on graphing in Math.

As for Science, we have been discussing parts of a tree. We will also be learning about fire safety, pumpkin life cycle, and squirrels.

What Can We Do At Home?

To encourage your child's education at home:

- You can have your child practice counting different objects such as shoes, cereal, clothes, dinnerware, etc. Then have your child add one more to determine how many there are.
- PLEASE practice tying shoes and buttoning/zippering clothes.
- Continue having your child practice writing and recognizing names, letters, and numbers.

Thank you for your support!
